

#### WIDOWS AND WIDOWERS.

*Chicago Tribune.*—On an average 27,000 widowers remarry as against 18,500 widows.

+

#### FLATTERING THE POPULISTS.

*Washington Post.*—Edison's currency scheme reads very much like a bid for the Populist Presidential nomination.

+

#### SOUTH AMERICAN ROWS.

*Overland Plain Dealer.*—A South American Republic is a success as soon as it gets enough people to divide and fight.

+

#### SHUDDER AT THIS THOUGHT!

*St. Louis Post-Dispatch.*—What if the Moors were to be victorious, invade Spain, carry off Eulalia and confiscate Veraguas' bulls?

+

**A CHANCE FOR THE BREHAN MACHINE.**  
*Washington Post.*—The Hawaiian election ought to furnish employment to a number of experienced halot box staffers and tally sheet forgers.

+

#### MOHE DEMOCRATIC HARMONY.

*Washington Post.*—If there is enough of the party left for the purpose we will soon witness a Democratic division on the Fifteenth-Tucker lines.

+

#### A FOREGONE CONCLUSION.

*Florida Times-Union.*—The prohibitions of Iowa are undertaking to run a man named Coffin for Governor. The funeral will take place next month.

+

#### DISCRIMINATION.

*Pittsburgh Chronicle Telegraph.*—A vocal saint could pay half rent at a recent concert in a Colorado town, just because the posters announced her as the "silver-throated songstress."

+

#### WOULD BE A STRAIGHTENER.

*Memphis Commercial.*—Ten children of the Atitlaco Islands are born with the left leg an inch shorter than the right. They ought to go to Chicago and have the left one pulled.

+

#### TIMELY.

*Kansas City Journal.*—The country wants to make the best of a bad bargain of course; till the next Presidential election; but it will show an intelligent appreciation of affairs by giving good Republican majorities this fall.

+

#### SECTIONAL.

*Kansas City Journal.*—Mr. Cleveland is reported to be satisfied that his position on the silver question is "indorsed by all the business interests of the East." The wishes of the business interests of the West, of course, are of no consequence.

+

#### PILING UP MONEY.

*Buffalo Courier.*—Bishop Warren, in a talk at the Genesee Conference Wednesday night, told the following story:

I once asked a man in Colorado to give us some money for church work. He said that he could not; that he wanted the money to buy some more land.

#### "What for?"

"To raise more corn."

#### "What for?"

"To fatten more hogs."

#### "What for?"

"To get more money."

#### "What for?"

"To buy more land."

#### "What for?"

"To raise more corn."

#### "What for?"

"To fatten more."

But that is the story—land, corn, hogs; land, corn, hogs.

+

#### ADMISSION WOULD BE SURRENDER.

*New York Press.*—It is impossible for either the President or his Secretary of the Treasury to admit under any circumstances that they would consider a compromise. Such an admission would be a surrender in advance, and every concession would be followed by increased demands until the silver Senators would have everything in their own way, and the Administration would be trampled under their feet and held up before the world in the ignominy of defeat by its own party. That the Administration and its advisers have, nevertheless, taken into consideration the possibility of a compromise measure passing the Senate is shown by the fact that they have privately canvassed the House as to the hypothetical fate of such a measure when it comes back there.

The result of the canvass is, that a compromise bill would suffer further amendment by the House, and that it would ultimately land in a Conference Committee, which would be controlled by forces friendly to the President. It is obvious, of course, that the House members of this committee would have a majority of Administration men. The Senate part of the Conference Committee would probably be composed of Mr. Voorhees, a silver Democrat and a gold Republican.

## The Business Way!

The business way is to  
take space by the  
year, paid with your  
advertisements in making  
them attractive, and change  
them at least as often as  
once a month.

You may think there are  
reasons when you don't need  
to advertise.

We have never seen that  
time.

Use the dull seasons for  
looking over your stock and  
running off that which is  
becoming out of style or un-  
fashionable, and giving  
gains.

If you have space by the  
year, it costs you no more  
to have you make it profit-  
able by converting unsaleable  
goods into money, and rein-  
vesting the money in those  
things which are salable.

The beet sugar industry appears to  
have secured a permanent home in Ne-  
braska, thanks to the protection afforded  
it by the sugar bounty. This fact is  
clearly established by Mr. M. A. LUNN  
in an interesting paper contributed to a  
pamphlet descriptive of Nebraska, that  
has just been published by the passenger  
department of the Union Pacific Railroad  
Company, in which paper some very in-  
teresting information is given of the  
Grand Island and Norfolk beet sugar  
factories of Mr. HENRY T. OXNARD.

An astonishing record-breaking run was

nine minutes.

The independent packet, S. R. Vommeter, has  
been meeting with little opposition since she  
started in the Madison trade. She will not  
have much to do in the future, however.  
The Captain, Captain, said she had  
been transferred from the Telegraph to the  
Sherry, and will proceed to do the little  
boating up if there is any possible chance.

All of the railroads in this state are com-  
panying with the new law in regard to  
separate coaches. One passenger employed as a  
coachman can travel in the coaches, while  
the various roads in the state have  
provided separate coaches to meet the require-  
ments of the law, or have partitioned a  
coach, one bearing a sign "for white passengers,"  
the other a sign reading "for colored  
passengers."

## LOSS OF SLEEP.

Preparation for the Senate's  
Continuous Session.

Anti-Silver Senators Are Now More  
Firm Than Ever Before,

And at No Time Have the Hypothesists  
Been as Firm as at the Present Time  
—A Test of Physical Endurance  
Will Be the Final Result.

WASHINGTON, Oct. 12.—As the hour  
approached for the beginning of the  
Senate's continuous session, 6 o'clock  
Wednesday evening, the silver and  
anti-silver senators aligned themselves  
more firmly than ever. At no time  
have the hypothesists been as firm  
in their position as now. They have some  
hope that an exigency will arise by  
which they can gain an advantage of  
their opponents and secure a direct  
veto. Many of them are aware that  
the obnoxious bill was passed  
this week by telegram and letters  
from constituents who beg for a cessation  
in the filibuster and a vote upon  
the issue.

There is no doubt that the free silver  
filibusters, embracing the states of Colorado,  
Montana, Nevada, Idaho, and the  
territories of Dakota, Peoria, Jones  
of Arkansas, Tugh of Alabama,  
and Cockrell of Missouri—thirteen in  
all—as firm as they have been, and  
it may be that under the peculiar  
disadvantages to which the majority of  
them are subject to, will be unable  
to place themselves in the position of  
the southern senators, who believe  
that any compromise will have to carry  
a bond issue feature, and they are  
opposed to the issuance of bonds. In fine,  
the silver filibusters are not  
as strong as they have been, but their  
numerical strength as filibusters has  
decreased.

The original nucleus of silver filibusters,  
embracing the states of Colorado,  
Montana, Nevada, Idaho, and the  
territories of Dakota, Peoria, Jones  
of Arkansas, Tugh of Alabama,  
and Cockrell of Missouri—thirteen in  
all—as firm as they have been, and

Sergeant-at-Arms Bright has every-  
thing in readiness for the "test of  
physical endurance" which began  
Wednesday evening. He has aired the  
sleeping rugs and placed in position a  
number of extra lounges about the  
cloak and coat room. It is not  
known if the southern senators will be  
enabled to enjoy these luxuries at any  
time, as Senator Dubois declares that  
whenever a quorum is not viable on  
the floor of the senate during the all  
night sessions, he or one of his repre-  
sentatives will demand a call of the  
senate.

Looks as though the compromise  
work would bear no fruit until fatigue  
impresses the senators with the necessity  
of some action. While the air is yet  
full of compromise and there are more  
amendments lying on the desk of the presiding  
officer of the senate, and as many more in the pockets  
of individual senators, none of them  
have taken definite shape. If it  
were not for the fact that the  
bond issue problem which hobbles up  
so many senators there would be little  
doubt in reaching a compromise. The im-  
pression continues that about forty-  
eight hours of the continuous session  
will materially quicken the desire for  
final action and that we will know  
something more tangible by sunrise on  
Friday morning.

### MOB OF DEPOSITORS

Threaten to Kill a Pennsylvania Banker

UNIONTON, Ia., Oct. 12.—The failure  
of S. C. McCabe, who conducted  
banks in Unionton and Connellsville, is  
found to be much more serious than  
was at first supposed. His assets  
are estimated at \$70,000, and his  
liabilities will reach \$1,000,000.  
McCabe placed a large sum of  
money in the hands of angry creditors who threatened to  
kill McCabe on sight. The clerks in the  
banks have armed themselves to protect  
the property of their employer.  
Serious trouble is feared.

### NATIONAL TRAVELERS' HOME.

SYRACUSE, N. Y., Oct. 12.—The board  
of managers of the National Travelers'  
association in session here Wednesday  
decided to postpone the opening of  
a new branch for the proposed home.  
A number of western cities have offered  
advantageous locations, but the sentiment  
of a majority of the board seems  
to favor an eastern point.

### She Kept Her Vow.

HARTFORD CITY, Ind., Oct. 12.—Wm.  
Ford made his wife good by Tuesday  
night, for he discovered a child

separate from his wife. She remained  
that she would be dead within twenty-  
four hours. Ford is a young farmer near  
Roll, this county.

## BUENOS AIRES.

Shall the Foreign Powers Interfere With the War?

A Split in the Diplomatic Corps at Rio Over the Question.

Mr. Thompson, American Minister, Suite 100, has joined European Ministers in Favoring Action—Petition Issues a Manifesto to the People.

New York, Oct. 12.—The World's Buenos Ayres correspondent telegraphs regarding the diplomatic situation in Rio:

The split in the diplomatic corps over the general treatment of the question has become serious. Thompson and the United States joins with the representatives of all the European nations, except Germany, in favoring interference. The German minister holds aloof from negotiations. HE COMMITTED SUICIDE!

The Cause and its Lesson.

Why did he commit suicide? Oh! for the same reason that thousands of others are compelled to do the same, viz., the  
loss of the love of family, friends, illness,  
or some other equally unfortunate result of  
having a nervous disorder, but was  
he not ill and helpless? He had no chance  
of recovery by treating with physicians  
who had little or no knowledge of such a  
condition, and was being hindered with  
such so-called remedies. His case was a  
bad one, but not worse than that of any other  
nervous sufferer, who has nervous or sick  
headaches, biliousness, diarrhea, irritability,  
falling moments, &c., &c. He had no  
fainting, sleeplessness, nervous dyspepsia,  
sexual disability, epilepsy, etc. Some  
similar consequences are likely to result in  
any case who has any of these  
symptoms of a nervous disorder. Do not hesitate  
in getting rid of them by intelligent treat-  
ment. Dr. Franklin Miles, the celebrated  
specialist, has treated nervous diseases  
with great success. Many of his  
patients are now in full health. Dr. Miles  
is a man of great tact and knowledge, and  
is a man of great personal worth. His  
patients are using Dr. Miles' Restorative  
Nervine, and are getting great relief  
from their nervous trouble. Dr. Miles' Restorative  
Nervine is a safe and  
reliable remedy for nervous trouble.

## PENSIONERS ABROAD.

The Commissioner Furnishes the Senate  
Report.

Washington, Oct. 12.—The secretary of the interior has sent to the senate a letter of the commissioner of pensions in regard to an inquiry as to what action had been taken by the department of March 1, 1893, relative to the payment of pensions to pensioners whose post office addresses are now, or lately have been, temporarily in foreign countries.

The commissioner says a circular letter was sent to the 18 pension agents, directing them to suspend payment of every case where the address was known to be outside the jurisdiction of the United States, and at the end of the first quarter, June 30, they were directed to transfer the rolls of the Washington, D. C. agency, every pensioner whose address was not within the jurisdiction of the United States. They were further instructed not to make any payment after June 30, but to make an adjustment, to any person affected by the act of March 1, 1893, but to transfer all matters connected with such cases to the pension bureau.

June 5, 1893, order No. 229 was promulgated, commanding the pension agents not to refer to foreign pensioners to mean that all pensioners for disabilities incurred in the service of the United States and in the line of duty, should continue to receive their pensions without evidence of citizenship, even though the same reside in the foreign countries, and that in every class of pensions then being paid, or which might thereafter be allowed, competent proof of citizenship must be adduced before payment is made, according to the opinion of the evidence to the commissioner, as it is applied to the case, and if found to be complete, the United States pension agent at Washington, D. C., is ordered to resume payment. If the evidence is found to be incomplete, the case remains suspended and no further payment can be made.

## CROP REPORT.

A Decided Falling Off in Both Wheat and Corn, According to the Department of Agriculture.

Washington, Oct. 12.—The October returns to the statistician of the department of agriculture makes the general condition of corn 75.1 against 70.7 for last month and 70.8 for October, 1892. The condition of wheat is the result of the continued drought which has prevailed since June and was not broken in the corn belt until the latter part of September.

The drought was most severe in the principal corn-producing states. The average yield in the various states are as follows: Ohio, 70; Indiana, 61; Illinois, 62; Iowa, 63; Missouri, 63; Nebraska, 64; Kansas, 62; Nebraska, 63.

The returns of yield per acre of wheat indicate a production of about 11,100,000 bushels of bushel wheat last October compared to 11,600,000 bushels of yield in 1892; Indiana, 14.5 bushels; Pennsylvania, 14.0; Ohio, 15.0; Michigan, 13.8; Indiana, 14.2; Illinois, 11.4; Wisconsin, 13.8; Minnesota, 9.1; Iowa, 11.5; Missouri, 9.5; Kansas, 8.4; Nebraska, 8.7; South Dakota, 8.6; North Dakota, 9.3; California, 9.2.

## IN THE HOUSE.

Washington, Oct. 12.—When the house met Wednesday morning Mr. Hunter, of Illinois, introduced a joint resolution providing for a recess of congress from October 14 to November 1. It was agreed to the resolution on a motion by Majority, and the resolution was carried. The house then voted to adjourn on its own motion. He explained that his purpose was to let congress have a recess that the members might attend the World's fair. Mr. Brickner, of Wisconsin, secured the adjournment of a resolution authorizing the sale of wheat to erect in Statuary Hall a statue to Pierre Marquette, the missionary.

## A General Badly Burned.

LONDON, Oct. 12.—A lamp was overturned Wednesday morning in a house on Grafton street where Major-General Carr had been staying. The lamp is in front of the dining-room and was able to be easily extinguished before the man who was aroused in trying to escape he was terribly burned and half suffocated. He was picked up unconscious and carried to a hospital. The physician expected that he will die. The fire in the house was extinguished before doing any serious damage.
